Have a Great Summer from the Town of Carman Council & Staff!!

The Carman Water Reservoir is receiving its finishing touches and will be filled and put into service in June or early July. Above is a picture of the area that has been landscaped and waiting for the application of the final ground material. Thank you to the Federal and Provincial governments for their contributions towards this project. Thank you to Manitoba Water Services Board, Stantec and of course the hard work of local contractor LCL Construction Ltd. *Photo courtesy of LCL Construction Ltd.*

Work continues at the new Carman Dufferin Ball complex. Grass on the diamonds has sprouted, land levelling, fencing, parking lot grading to name just a few projects! This facility continues to move forward thanks to numerous volunteer hours and generous donations!
Picture provided by Mayor Brent Owen

Carman Transfer Station Hours

Monday & Wednesday & Friday	Tuesday & Thursday & Sunday	Saturday
1:00 p.m. to 4:00 p.m.	CLOSED	11:00 a.m. to 4:00 p.m.

NOTICE TO PROPERTY OWNERS

All 2021 Property Tax Statements have been mailed. Any property owner who has not received a Tax Statement should contact the Town Office. New property owners are reminded that they are responsible for paying the 2021 taxes whether they receive a tax notice in their name or not. Current taxes are payable at par on or before August 31, 2021. Postdated cheques may be left at the Town Office and will be held for processing. Other payment options include monthly or annual preauthorized payments, payments in person (once Memorial Hall opens following Covid restrictions) with cash, cheque or debit card. Have questions? Call 204-745-2443.

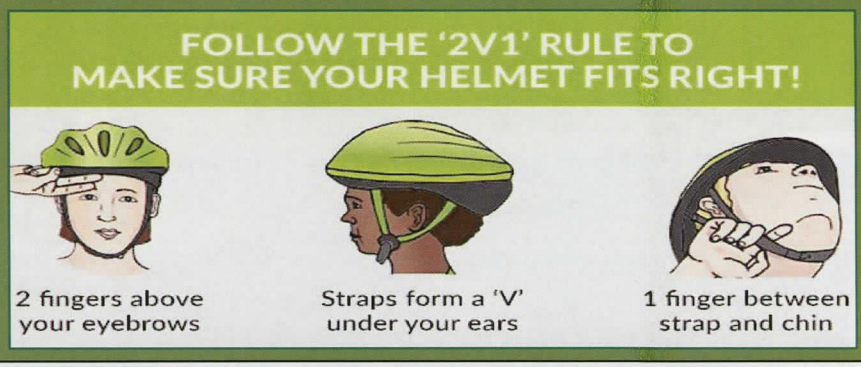
FROM CARMAN DUFFERIN PLANNING DISTRICT

Fences and Hedges

A building permit is not required to build a standard residential fence. In the Town of Carman, the maximum height allowed is 2.5 feet in any front yard and 6 feet in any side or rear yard. Materials such as wood, brick, concrete, and metal are permitted. However, barbed wire and electric fences are not permitted in a residential area. A fence may be erected along and up to a property line but far enough within the property limits that you are able to maintain it without encroaching on the neighbouring property. Hedges or other plantings that create a fence effect are subject to the same regulations as fences. A Manitoba Land Surveyors Certificate is required to accurately locate property lines, or there may be pins located on your property that indicate the property lines. For any building related questions, please contact Kim MacLellan at: 204-745-2443 or planning@townofcarman.com.

Protect your head: Where a Helmet!
Concussion Prevention!



Next Blood Donor Clinic

Canadian Blood Services — BLOOD PLASMA STEM CELLS ORGANS & TISSUES

Pre Register online for Public Swim, Lap Swim and Aquafit the Friday before the week you want to swim!

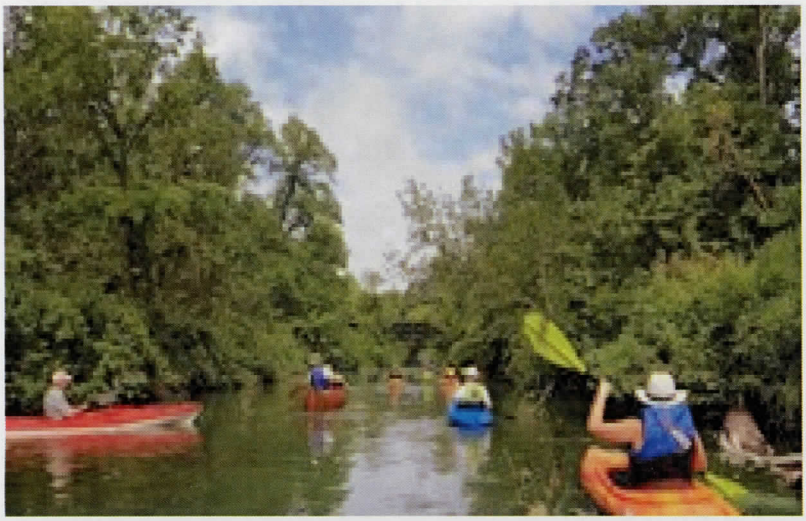
For Campground Reservations visit our website to book online.

Our Mission: Together, we promote, restore, and protect our historic Boyne River and its essential watershed.

Our Vision: Our vision is for a thriving, free flowing waterway where the Boyne River's scenic beauty is honored. Current and future generations will enjoy our river's recreational, environmental, and commercial resources.

We hope you all had the opportunity to enjoy the beautiful winter that we experienced this year. Many of us in the community spent memorable hours this winter skating, walking, and playing hockey on the river thanks to the Town of Carman and community volunteers. We are looking forward to getting back on the river again with canoes, kayaks, and fishing rods and hoping to see many more citizens enjoying our river.

Boyne River Keepers is asking for people to participate and contribute to the continued use of our lovely waterway. This could be in the form of membership to this organization, volunteerism, or donations as well as just getting on the water and using it for its recreation and beauty!



Future projects may include:

1. A fully accessible dock at Ryall Park.
2. Kayak and canoe rentals
3. Beautification of the riverbank with solar lights and kilometer markers.
4. A celebration of World River Day in September.
5. A Regatta
6. An annual educational bursary

Projects that we are planning or completed include:

1. A dock and kayak/canoe launch located near the Trestle bridge. Completed
2. Paddling Club. This is underway.
3. Duck boxes located in various spots. Completed.
4. Clean up of deadfall and debris from river. This is an ongoing project.
5. School-based foot bridge naming contest. This is underway.
6. Planting of trees and shrubs along erosion-damaged riverbank. This is underway.
7. Website development. This is underway.

Our success depends on you! To become involved there are several choices:

tear off ----------

Boyne River Keeper Membership entitles you to influence the direction of our group at the AGM and attend annual membership events.
